Summary

Experienced IT professional and lecturer with over 10 years of expertise in information technology, computer applications, and project management. Throughout my career, I have demonstrated exceptional proficiency in managing complex ICT projects, optimizing network infrastructures, and developing innovative educational technologies. I have effectively collaborated with diverse teams to achieve organizational goals, resulting in substantial contributions to institutional growth. My hands-on approach to teaching has significantly enhanced student engagement and academic performance, empowering students to excel in their careers. As an ICT project manager, I have successfully implemented advanced technological solutions, improving operational efficiency and reducing costs. My strategic management of web content has enhanced user experiences and increased web traffic. I am committed to continuous learning and have earned multiple certifications in network administration and information technology, providing cutting-edge solutions and training to staff and students.

SKILLS

Curriculum Development | ICT Project Management | Network Infrastructure Optimization | Cloud Computing Integration | E-Learning Platform Implementation | Student Engagement Strategies | Software Configuration and Maintenance | Hardware Installation and Troubleshooting | Web Development | Content Management Systems (CMS) | Biometric Equipment Integration | CCTV Systems Monitoring | Wired and Wireless Network Configuration | Technical Training and Staff Development | Microsoft Office Suite Proficiency | Technical Documentation | Cybersecurity Best Practices | Data Analysis and Reporting | IT Support and Helpdesk Management | Educational Technology Implementation

Experience

- | | |
|--|--|
| ICT Project Manager / Lecturer
Lagos State College of Health Technology | 20th April/2016 to Current
Yaba Lagos State, Nigeria |
| <ul style="list-style-type: none">• Spearheaded the integration of e-learning platforms, increasing online course enrollment by 35%.• Coordinated ICT infrastructure projects, reducing operational costs by 20%.• Developed and implemented curricula for ICT courses, improving student pass rates by 25%.• Managed biometric and CCTV integrations, enhancing campus security measures.• Conducted staff training sessions on MS Office, improving productivity by 30%. | |
| Senior Network Technologist / Program Analyst
Lagos State Ministry of Science and Technology | 27th Nov/2011 to 20th April /2016
Alausa-Ikeja Lagos, Nigeria |
| <ul style="list-style-type: none">• Led network optimization projects, increasing network speed and reliability by 40%.• Analyzed and improved software systems, enhancing functionality and user satisfaction by 25%.• Supervised the deployment of wireless devices, expanding network coverage by 50%.• Conducted regular system audits, reducing security breaches by 15%.• Developed and maintained ICT documentation, improving project tracking and accountability. | |
| Programme Analyst and System Technologist
Edunet ICT Solutions | 6th Oct/2008 to 30th Sept /2011
Maryland Lagos, Nigeria |
| <ul style="list-style-type: none">• Managed client ICT projects, achieving a 95% client satisfaction rate.• Designed automated maintenance systems, reducing manual interventions by 30%.• Configured and supported network infrastructures, improving system performance by 20%.• Conducted technical training for staff and clients, enhancing overall IT literacy.• Provided technical support, resolving 90% of issues within 24 hours. | |

Computer System Support
First Bank of Nigeria, Head Office

3rd Jan/2000 to 30th Dec/2003
Marina Lagos, Nigeria

- Provided comprehensive IT support, reducing downtime by 20%.
- Assisted in hardware installations and configurations, enhancing system efficiency.
- Conducted software updates and maintenance, ensuring system reliability.
- Managed inventory of IT equipment, reducing losses by 15%.
- Supported network infrastructure setup, improving connectivity by 25%.

Electrical/Electronic Technician
Zabadne & Company

1st Sept/1992 to Nov/1996
Ilupeju-Lagos, Nigeria

- Installed and maintained electrical systems, improving operational efficiency.
- Troubleshoot and repaired electronic devices, reducing downtime by 30%.
- Conducted regular system inspections, ensuring compliance with safety standards.
- Assisted in the design of electronic circuits, enhancing product functionality.
- Provided technical support, resolving issues promptly and efficiently.

TEACHING EXPERIENCE

Teaching Experience

Lagos State College of Health Technology

2016 – Present

- Developed and implemented ICT curricula, resulting in a 25% increase in student engagement and performance.
- Managed the integration of e-learning platforms, boosting online course enrollment by 35%.
- Conducted staff training on MS Office and other productivity tools, improving staff efficiency by 30%.

UI Distance Learning, Lagos Center

2014 – 2016

- Enhanced student support systems, reducing drop-out rates by 20%.
- Collaborated with colleagues to update and modernize course materials, improving the overall learning experience.
- Facilitated workshops on advanced ICT applications, increasing student proficiency by 40%.

LAUTECH, Lagos Center

2013 – 2014

- Delivered lectures on network infrastructure and management, achieving a 90% student pass rate.
- Organized and supervised practical lab sessions, providing hands-on experience in ICT applications.
- Coordinated with academic staff to streamline curriculum delivery, improving course coherence and student outcomes.

Lagos State University, External System

2011 – 2013

- Designed and taught courses in computer science, leading to a 15% increase in student enrollment in the program.
- Implemented innovative teaching methods, enhancing student understanding and retention of complex concepts.
- Advised students on academic and career pathways, contributing to a higher rate of post-graduation employment.

Lagos State Polytechnic, Ikorodu Campus

2010 – 2011

- Developed comprehensive lesson plans for ICT courses, resulting in a 10% improvement in student exam scores.
- Conducted regular assessments and provided constructive feedback, fostering a supportive learning environment.
- Engaged in professional development activities to stay current with technological advancements and pedagogical strategies.

EDUCATION

- **M.Sc. / Ph.D. (in view) Computer Science**
Lagos State University, Lagos / NOUN, Abuja
2017 – Present

- **PGDE Computer Science / I.T. Education**
Federal College of Education (Technical), Akoka, Lagos
2021 – 2022
- **M.IT (Master Degree Information Technology)**
Ladoke Akintola University of Technology, Ogbomosho
2010 – 2012
- **B.Sc. Computer Science**
Lagos State University, Lagos
2003 – 2008
- **ND Computer Studies**
Ogun State University, Ago-Iwoye
1996 – 1999
- **Certificate in Electrical/Electronics**
Federal Technical College, Yaba, Lagos
1990 – 1992

CERTIFICATIONS

- **Cisco Certified Network Associate (CCNA)**
Cisco Inc., USA, 2009
- **Microsoft Certified Technology Specialist (MCTS)**
Microsoft Corp., USA, 2010
- **Microsoft Certified Professional (MCP)**
Microsoft Corp., USA, 2012
- **Associate Certificate, Computer Professional Association of Nigeria (ACPN)**
2013
- **Member Certificate, Computer Professional Association of Nigeria (MCPN)**
2018

ACADEMIC RESEARCH PROJECTS

- **PDE Education Research Project:** Utilization of Computer & I.T. as a Tool for Changing the Face of Education. (Case Study of Kosofe Educational Districts)
- **BSc. Research Project:** The Design of an Automated Computer Maintenance System (Case Study of Chip, Bit and Bytes Limited, Lagos)
- **Master's Research Thesis:** Fault Detection and Diagnosis over a Network and Network Infrastructures

SEMINARS / TRAININGS

- Technical Guidelines for Integrated Disease Surveillance and Response in Nigeria (2016)
- Comparative Analysis of Cirrhotic and Non-Cirrhotic Liver Using CT Liver Volumetry (2018)
- Longitudinal Diffusion Tensor Imaging in Dementia with Lewy Bodies and Alzheimer's Disease (2020)
- Brain Atrophy and WMH, Human Brain Mapping (2020)
- Dubois and Prades Gradual Element Approach in an Information Retrieval Scheme, Information Technologist (2021)
- Geofencing Based Attendance Monitoring System, International Journal of Engineering and Science (2020)
- Understanding Noise Reduction in Multidimensional Documents, Journal of Digital Innovations & Contemporary Research in Science, Engineering (2017)
- Information System Based Pharmacovigilance for the Management of Malaria: Advances in the Nigeria Context (2023)
- Diagnosing Meningitis: A Comparative Study of Conventional Clinical and Computational Diagnostic (2023)
